

Amerimax Bed Door

Amerimax Building Products' Door division is a premier supplier of entry doors for the recreational vehicle industry. We now use our expertise to bring you the only complete, ready-to-install bed door available today. These innovative, space saving bed doors are made with the same precision and quality you've come to expect from Amerimax Building Products. Our manufacturing process utilizes a reactive hot melt polyurethane system to ensure 100% adhesion. All Amerimax Bed Doors have an automotive-style rubber seal to provide a moisture resistant barrier. Amerimax is committed to providing high quality products and expert customer service to fulfill all your door product needs.

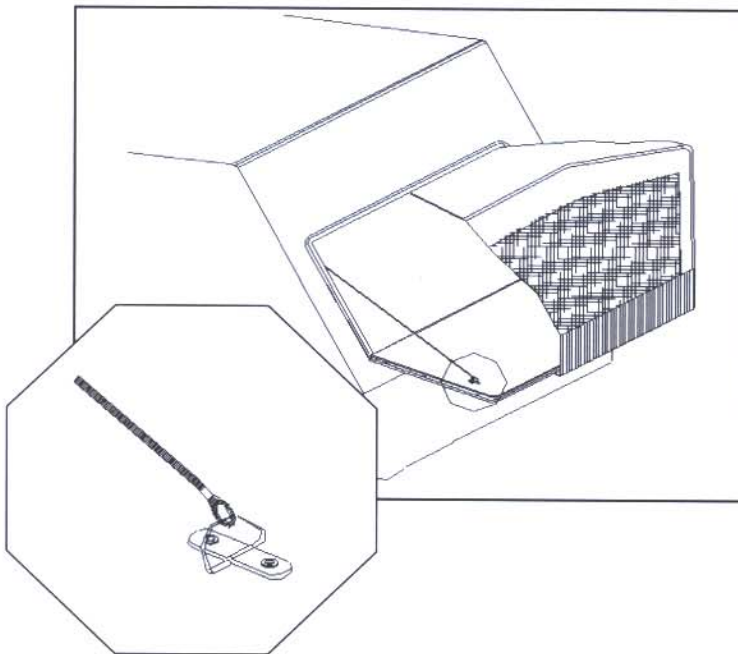

Amerimax Bed Door Features:

- Complete and ready for immediate installation.
- Décor panel customized to match unit's interior.
- Designed to enhance unit's appearance with both radius and square corners available.
- Heavy-duty continuous hinge.
- Easy tent application.
- Painted or mill finish extrusions available.
