Create Visual Impact with StarBrite

StarBrite is a strong, functional, light gauge aluminum sheet, embossed with a durable tread plate design. Choose from polished or Amerimax's superior painted coating in standard and custom colors.

StarBrite provides all the measurable weight and cost saving benefits of aluminum with the visual impact of high strength construction. This innovative, flexible, lightweight aluminum offers greater design freedom, while enhancing your product's appearance and durability. With StarBrite, the design and application opportunities are endless.

BENEFITS

Visual Impact

- Highly polished aluminum finish
- Custom painted colors available
- Weather resistant finish – great for indoor or outdoor use
